Awards

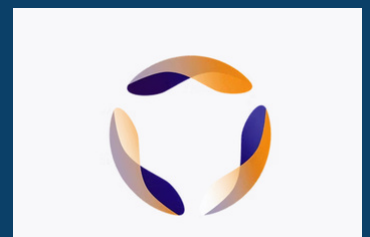

Titan Energy began as a local distribution company of petroleum products in 2020. Headquartered in Durban, South Africa, initially, our focus was on leveraging direct access to a private gantry in Cato Ridge to supply diesel to regions 1A and 2A. We have since broadened our operations nationwide by sourcing directly from local refineries. After some success, we have decided to expand our reach globally.

Titan Energy is an energy and commodities company. We have established strong partnerships with some of the most respected and competent stakeholders in the industry. By working with seasoned traders, logistics providers, and strategic partners, we are dedicated to efficiency and reliability, regardless of the changes in the global energy landscape, thereby contributing to the success of Titan Energy and our clients.
